Kids (under 18) Submission Requirements:

- Professional photos are not necessary but they are preferred! We request that you send at least one clear full face head shot and one clear full length body shot.
- Please also send a short video of your child introducing themselves. It should be short, sweet and to the point, no longer than 60 seconds! This is simply to get a feel for their on camera personality.
- Don't forget to mention if they have acting experience (yes, even roles in their school play count!).
- Instead of emailing large video files, try uploading to YouTube, Vimeo, or Dropbox and copying the link from there.
